Organising **Committee**

Dear Sport Friends,

on behalf of the Czech Rowing Association and the Organising Committee I would like to warmly invite you to the Labe aréna Račice for the 2021 World Rowing Under 23 Championships. The history of world rowing championships in the Czech Republic, formerly Czechoslovakia, dates back to 1986 when the World Rowing Junior Championships was the first international rowing event to be hosted at Račice. Another milestone was celebrated here in 1993 when we organised the World Rowing Championships. In 2009 we organised the World Rowing Under 23 Championships, in 2010 the World Rowing Junior Championships and then the European Rowing Junior Championships in 2015. In 2017 Račice staged the very successful European Rowing Championships, in 2018 we hosted the best juniors at the World Rowing Junior Championships.

We are delighted that in July 2021 the best U23 athletes are returning to Račice for their world championships once again.

I hope athletes, coaches and spectators will enjoy this World Rowing Under 23 Championships and I even look forward to seeing them back again in 2022 when Labe aréna Račice will host World Rowing Championships.

Yours in Sport,
Dušan Macháček

President of the Czech Rowing Association & Organising

Dear Rowing Friends,

I am delighted that we are in a position to invite you all to the Czech Republic and the Labe aréna Račice for the 2021 World Rowing Under 23 Championships. Rowing is the great sporting passion of my life, and I used to row regularly at Račice during my competitive career, including for my last appearance at a World Rowing Championships in 1993 in the double scull. Since that time many things have changed here – we have invested large sums to improve facilities for both athletes and spectators. In particular, the 1980's "barracks" have been replaced by modern accommodation facilities that provide greater comfort and an improved experience for competitors. The spectator areas and stands have also seen a transformation, and capacity and accompanying spectator services can be adjusted flexibly depending on the nature of the event being hosted. What we have been very careful to preserve is the great rowing atmosphere of this venue.

We are excited to welcome you all to Račice so you can enjoy the results of the investment programme. We will also be listening to your comments and suggestions – we are proud of our venue and want to continually improve athlete and spectator conditions for future events.

I look forward to seeing you in July 2021.

Jiří Kejval

President of the Czech Olympic Committee but above all a

Welcome

Dear Rowing Fans,

Labe aréna Račice which is a modern sports venue and belongs among the most significant sport facilities in Ústecký region. It hosts national, European and World Championships in water sports on a regular basis. The facilities of the venue have improved dramatically recently and both athletes and visitors enjoy services and comfort of the highest quality.

After I had personally attended the opening ceremony of the 2018 World Rowing Junior Championships, I have to say I was more than impressed, so it is my privilege to cordially invite all avid fans of rowing sport to the World Rowing Under 23 Championships.

Račice Regatta Venue will once again host elite athletes and it is my hope that a large number of visitors will have the opportunity to watch the rising stars of rowing sport in action. I also hope to see an athlete from our small country reaching for a medal.

Ústecký region is a water sport region which also stood at the inception of the nation-wide „Česko vesluje“ project, owing to which rowing sport has been developing in many of its towns. The credit goes to the team of dedicated people with plenty of experience, every single one of them playing an important role. Without their tenacity and perseverance, the brand “Labe aréna Račice” would not exist today.

I wish everyone great sports moments.

Governor Oldřich Bubeníček

Welcome

Czech Republic

The **Czech Republic** is a country in the heart of Europe. With 78 886 km² and more than 10 million inhabitants, it combines the cultures of East and West to truly deserve the label Central Europe.

The history of the **Czech Republic**, in ancient times called Bohemia, is long and fascinating. During the times of the famous emperor Charles IV, Bohemia was the cultural centre of Europe. In the 20th century, Bohemia joined with Slovakia to form Czechoslovakia; a country still often associated with the Czech Republic and the prestige of a superpower in sports. After it became independent in 1992, the **Czech Republic** continued to serve as a bridge between Eastern and Western Europe.

Besides history and historical monuments, the **Czech Republic** attracts millions of visitors every year for its rare culture. Prague is one of the most beautiful cities in Europe. The **Czech Republic** maintains a worldwide reputation for exceptional beer, traditional dishes or Czech glass that is as admired in the United States as in China or South Africa.

Finally, in sport, the **Czech Republic** is home to many top teams and athletes. Especially in rowing, the Czechs are among the most successful nations, with world champion and triple medal winner from the 2008, 2012 and 2016 Olympics **Ondřej Synek** and gold medal winner from 2012 Olympics **Miroslava Topinková-Knapková**.

Ústí nad Labem is the centre of the district of the same name, the industrial centre of the whole northern Bohemian region. It lies on the banks of the Elbe and occupies an area of 93,95 km² with a population of around 94,000. Despite its rich industrial tradition, forty percent of the city lies within the Czech Highlands and Elbe Sandstone Nature Reserve and near the Eastern Erzgebirge Nature Park. Ústí nad Labem was severely damaged by air raids during World War II but it has preserved some of the most important parts of its historical core, such as the Church of the Assumption of the Virgin Mary and Střekov castle.

Litoměřice is the most important town in the region of Račice. The third oldest Czech Royal Town, a title bestowed on Litoměřice by the Czech King Přemysl Otakar II in 1262. Today Litoměřice is a picturesque town with a rich history. The Old Town is surrounded by fortifications, which preserve the gothic, renaissance and baroque buildings of this strictly protected heritage area. Litoměřice has a population of around 25,000. It lies on the confluence of the rivers Elbe and Ohře, sheltered from the North by the Central Bohemian Mountains.

Roudnice nad Labem is a town on the left bank of the Elbe River. Roudnice is one of the oldest Czech towns with earliest records of it dating back to 1167.

Close to the town and rising to a height of 456 metres is the hill of Říp where according to legend, the first Czechs settled. The hill and the Romanesque rotunda at its summit are among the Czech monuments. The dominant feature of Roudnice is its baroque chateau and monastery church.

Štětí is a town lying on the right bank of the Elbe river. The first records about the town are dated back to the beginning of the 14th century. Štětí has a population of around 10 000 and it occupies an area of 53,85 km². Close to the town and rising to a height of 456 metres is the hill of Říp with a Romanesque rotunda at its summit. Since Štětí is located in wide and calm part of River Elbe, it has perfect conditions for the water sports, such as rowing, canoeing or dragon
